With power, impeccable retention, divine pride, and intelligence obtained //

SHE”-RAB NANG-WA GYE”-PAR SAM //

Think that wisdom and vision are enhanced. //

OM A RA PA TZ A NA DHI //

(That is for the end of the recitation of the accumulation mantra)

Om contains all Victors and the Three Secrets, //

It is the treasury of kayas and wisdom, qualities and splendor, //

And all empowerments and blessings. //

Ah is rolled-in of the essence of the Dharmas, //
Unborn, unobstructed, unchanging, free from elaboration, //
Is **Ah**, the sphere that is the great source of all phenomena. //

Ra cuts the net of delusions, //
Finishing off all bad utterances and controversies, //
It makes one obtain all the eight mines of wisdom. //

Pa enhances understanding, love and wisdom, //
Obtaining the supreme intelligence and insight //
One is made cleared from the darkness of deluded mind. //

Tza open the door of mystic words, //
Thoroughly reveals all the knowable phenomena, //
Makes one directly understand the true meaning //

Na cuts the root of existence, //
The stain of the two obscurations is cast away into expanse of space, //
Bestows the insight into the threefold wisdom. //

Dhi is the life-essence of all Existence and Peace, //
One is made known the true nature and seen all existing phenomena, //
In it is rolled the nectar of essence, this alone is //

The source of the twofold accomplishment. //
Hence, if the essence are rolled in this alone //
Then on the state of all seeing protector, //
Without much delay and in this very life, one will be liberated. //

The way to open the secret channel of wisdom is: //
The union of the pith mantric syllables, which is //
Yellow Dhi enclosed within its hollow body a blue **Hrim** //
Clear, vivid and fine like being drawn by a hair. //
For reciting, meditating and concentrating upon the meaning: //

The innermost essence of the lifeforce the very syllable //

Transform into the deity, which is oneself. //

At the heart is **Dhi** marked by **Hrim**. //

Then lights are emitted from them, of Victors, //

Panditas and the learned adepts, //

All the wisdom, impeccable retention, devine pride and intelegence //

Of all these lord of speech //

In the form of clear yellow light //

Are gathered at one's heart, //

And like water poured into water //

Indistinguishably mixed in one taste, thus think. //

Undistracted recite this essence- //

Dhi Hrim –during all the six times without break, //

That will clear away the damaged channels of the middle part of the neck, //

Will make one very intelligent and shall obtain the boon of impeccable retention and devine pride. //

Occasionally, during the six times of the lunar day //

Or when the sun and moon meet Rahula (eclipses) //

If want to supplicate the superior deities for one's wishes, it is like this: //

Recite the essence root mantra as many as one could. //

Then imaging one's tongue as moon visualize **Dhi Hrim** upon it. //

While reciting do not get distracted from the visualization. //

That is the cation stage, Samaya! //

The third is the Subsequent Realization stage. //

Making the fivefold offering one praises in this way: //

Supplication to the superior deities for one's wishes:

HO! JAM-PAL MA-WE' WANG-CHUG KHYED-KYI" DAG-LA DON-RAB KHYEN-PE' YE-SHE" // MI-JED PE'
ZUNG // CHAG-THOG MED-PE' SHE"-RAB // ZIL-GYI" MI-NON PE' POP-PA // CHED-TZOD TZOM-PE'
LO-DRO-WE' MUN-SEL GYI THUG-JE // DOR-NA RIG-PE' NE" NGA-LA WANG JOR-ZHING // LUNG-
DANG TOG-PE' ZHUNG-DON MA-LU"-PA DAG-GI KHONG-DU CHUB-NE" TSE DHI-NYID LA DON-NYI"-
KYI DZED-PA THAR CHIN-TE // NANG-SEL JAM-PAL PA-WO' GO-PHANG THOB-PAR DZED-DU SOL //
(Recite essence mantra as many as you like)

Ho! O Manjushri, the lord of speech, grant me the wisdom realizing perfect meaning, the boon of impeccable retention, unobstructed and complete intelligence, the divine pride which is never overwhelmed by any splendor, intelligence in preaching, debating and composition, the compassion to illuminate the darkness of sentient beings. In short, attaining the lordship over the five sciences, all of the meanings of doctrinal and realization teachings, without exception perfectly integrated within my self, and in this very life completing the activity for the dual benefit may you enable me to attain the state of inner luminosity of warrior Manjushri. //

Subsequent Realization Stage:

Making Praises:

DHI! MAR-SER NYI-MA CHAR-WE' DANG TRA-WA //

Dhi! Orange colored like the rising sun, so illuminating and radiant, //

UT-PAL TENG-NA RAL-DRI PO-TI DZIN //

Sitting upon Utpala flower and holding a sword, //

CHU-TRAG CHU-DANG CHU-NYI" GYEN-GYI" TRE" //

You are adorned with the 112 ornamenting mark and signs, //

JAM-PAL MA-WE' WANG-PO KHYED-LA TOD //

Thus I praise you, O lord of speech, Manjushri. //

Dedication:

SHE"-RAB CHOG-GI POP-PA RAB THOB-CHING //

Obtaining the divine pride and supreme intelligence, //

Upon the ground of excellence all-seeing savior //
RANG-ZHEN DRO-KUN MA-LU" CHOD-GYUR CHIG //
May all beings –myself and others leaving behind none –entertain! //

If practise in that way properly, //
With wisdom and vision enhanced, //
One surely will obtain the boon of impeccable retention, devine pride and intelligence, //
And the dual benefit is spontaneously fulfilled in this very life, //
For which there is no doubt, Samaya! //
Based upon this the feast offering is: //
Gather various edibles whatever one gets, //
Or the normal food can be used for the offering feast.

This nectar of all the profound pith instructions, //

This profound nectar of the heart of the Lotus Originated One //
Is rendered in symbolism in the manner of cherished wealth. //
In the future times of extreme degeneration, //
Fraud treasure teachings will fill the earth, //
It will be hard to distinguish between that which Dharma and that which is not, //
The minds of the migrants will be steered by demons, //
It will be hard for the emanations of the Lotus Originated One to tame. //
Behaving in the way of Dharma is like day light star, //
It is hard to gain confidence in generation and completion processes, //
Meaning of the profound teachings will be revealed to the households, //
Channel –wind feats will be watched as a show. //
As the power of the demons will be immensely ruthless //
The two teachings will not be practiced alongside. //
The thoughts and minds of human beings will be deceived by demons. //
One alone will call in the foreign invaders. //
Undesirable, diseases, weapons, and the famine will flourish. //
The degenerate time will be self evident for there will be battles and war. //
The low land smoke will rise towards the high lands. //
The western rulers will be scattered in all directions. //
Evil people will hold the secluded places. //
The teachings of accomplishment Tantras will compete in faulty empowerments. //
When such a degenerate time comes, //
If not protected by the compassion of the Lotus Originated One, //
Tibet will become like being engulfed in the stomach of a lion or a cannibal. //
Therefore, this, the Lord of the Ocean Queen's //
Profound teaching, which is from his Wisdom Mind, free from elaboration //
I instruct you, Acharya Sale. //

Do not spread yet, but seal it with the treasure seal. //
At a future time of degenerate age, //
Not me but my emanation //
Who has the name Thug will hold it hidden //
Who will come from the west to east, //
Whose household companion Namnging Vimala //
Will be met during the time of the 13th Dharma king, //
The benefit of the migrants and the teaching will gradually flourish. //
Keep it as a single lineage and bring it into experience, //
The wisdom and intelligence will blaze forth, //
Apparent existence will arise as complete symbolism, //
Surely, supreme deity will be beheld. //
True or false take into hand (practice it) and will be clear. //
May it be met with those who hold wrong views! //
Assembly of the fiercesome oath-bound protectors, take care of it. //
Suppress the faculties of those who doubt. //
Not letting it fall into the hands of Samaya broken one's. //
Protect it ably, Samaya! //
Profound Seal! Secret Seal! Entrustment Seal! Sign Absorbed! //

Colophon: The great supreme vidyadara, the sun of the Early Translation Teaching, Zhabdrung Kyabgon Rinpoche commanded me that he wanted to have such a teaching. Offering auspicious celestial textile, never found in the world, the auspicious substances symbolizing the ten grounds and the five paths, and for the inner meaning the threefold precious objects symbolizing wisdom the command has fallen upon my crown and unable to refuse I, Dechen De'w Dorje wrote this experiential teaching in the Orgen Cave near Lhadrag Rinchen Dzong, which is near the great seat of Chishod Riche from the deitymage of Vision Space Dakini.
